附录III 养分添加对天山高寒草地群落物种多样性的影响(平均值±标准误)

Supplement III Effects of nutrient addition on species diversity in alpine grassland communities of Tianshan Mountains (mean ± SE)

CK, 对照; N, 氮添加; NP, 氮磷混合添加; P, 磷添加。不同小写字母代表处理间差异显著 ($p < 0.05$)。

CK, control; N, nitrogen addition; NP, combined nitrogen and phosphorus addition; P, phosphorus addition. Different lowercase letters indicate significant differences ($p < 0.05$).
